## TO HELP YOU UNDERSTAND

**It is your right** and our desire that you have as much information as possible regarding the cost of services that we offer. The most significant factors determining cost is the time spent by our personnel and the use of funeral home facilities. Personnel and facilities must be available 24 hours a day, every day of the year. Much of what we do is apparent and some is not. Traditions, social customs, personal feeling, tastes, and a multitude of other factors affect each funeral. Our services must conform to each family's personal wishes; religious, emotional and financial needs.

Our fixed overhead expenses are our monthly bills totaled for the year and divided by the number of services held that year and based on the type of service we provide. Our overhead expenses include taxes, employee salaries, building maintenance, capital improvements, stationary supplies, advertising & promotions, utilities, heat, telephone, electricity, yard maintenance, insurance-fire, theft, liability, auto, casualty & workman's compensation.

Meeting with the family to secure vital statistical information, obtain Physician's signature, file the death certificate with the registrar of vital statistics in the municipality where the death occurred, obtaining permits for burial or cremation and obtaining as many certified copies of the death certificate as necessary for the family's needs.
